

ЕвроАзиатское Сотрудничество для Совершенствования и Продвижения будет стимулировать интернационализацию образования, поддерживать мобильность студентов и профессорско-преподавательского состава, способствовать развитию научных исследований, внутри- и междууниверситетской кооперации, а также культурному взаимопониманию. Мультидисциплинарный консорциум состоит из партнеров и фокусирует внимание на студентах ВУЗовского и после-ВУЗовского образования и профессорско-преподавательский состав, которые получают огромную пользу от специального обучения, научных исследований и условий преподавания, недоступных в отдельно взятом ВУЗе. Проект даст возможность участникам лучше понимать друг друга в интеллектуальном плане, улучшить привлекательность и способствовать развитию Европейского высшего образования в странах Центральной Азии и установить устойчивую сеть мобильности студентов и ППС между странами Европейского Союза и Центральной Азии.

СТИПЕНДИИ

Для студентов и профессорско-преподавательского состава для обучения/исследований/преподавания в одном из Европейских партнерских ВУЗах.

При поддержке Эрасмус Мундус программы Европейского Союза

Euro-Asian Cooperation for Excellence and Advancement projects foster internationalisation, support student and academic staff mobility, promote research, inter and intra-university cooperation and cultural awareness. A multidisciplinary consortium focuses on bachelor, master, doctoral, post-doctoral students and academic and administrative staff who will benefit from special learning, research, working and teaching conditions not available at a single institution. Projects will provide students and staff with the possibility of intellectual understanding, enhancing the attractiveness and development of EU high education system in Central Asia and to establish a sustainable network of student and staff mobility between European Union and Central Asia.
